

November 12, 2009

Dear Friends,

The Historica-Dominion Institute recently launched an exciting new initiative. *The Memory Project: Stories of the Second World War* is creating an unprecedented record of Canada's participation in the Second World War as seen through the eyes of the thousands of men and women who were there. The Memory Project is providing every living Second World War veteran with the opportunity to preserve their memories through recorded interviews and digitized memorabilia. Their stories will be available, in both official languages, at www.thememoryproject.com.

Our goal is to collect thousands of veteran stories. In order to succeed, we need your help. Enclosed you will find a poster urging Second World War veterans to "Join the Legacy," by contacting us to have their story recorded. We would appreciate your assistance by displaying this poster where it will be visible to your members. If you would like additional posters, please let us know – we would be happy to send you a few extras.

Lastly, we are hosting special events coast-to-coast across Canada to record interviews and digitize memorabilia– let us know if you are interested in having an event in your area. To learn more about our project, please refer to our website. If you have any questions please do not hesitate to contact us. We would be happy to hear from you.

Warm Regards,

Jenna Zuschlag Misener

Project Manager, *The Memory Project: Stories of the Second World War*
